

## Loop Cycle Stand

The Loop cycle rack is a simple, sweeping circle with a twist. Both functional and sculptural, it is a welcome new addition to the 35 Collection of integrated site elements created with Frog Design to encourage social activity in outdoor spaces. Cyclists secure one or two bikes around its shape-shifting cast aluminium ribbon frame

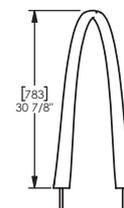

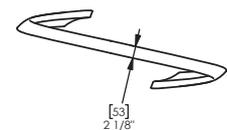

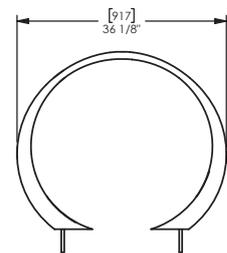

### Specification

#### Materials

Frame - cast aluminium

### Dimensions

H: 783mm  
W: 917mm  
D: 355mm
